WINTER FOCUS

One of the most important things to do in Winter is to keep your skin gently stimulated & maintain a healthy circulation. It's time to balance oil and moisture levels to ensure the skin does not become reactive and sensitive. Go back to basic with:

Sevactive for Dry Skin - *Lavandou* for Sensitive Skin - *Fundamental* for Combination Skin - *Purilys* for Oily Skin.

FACIAL THERAPY

Combining the riches of the earth & sea to soothe, replenish & oxygenate the skin, bringing it back to youthful radiance. Specialty masks are used to deliver spectacular results and a pampering experience.

Anti-free Radical Mask: Enjoy this unique mask, delightfully scented with Mint and Lavender. While it gradually becomes soothingly warm, then cools to a refreshing chill. This serves to absorb active ingredients leaving skin tighter, moist and more radiant
